

The Mobility Project, LLC

Concierge physical therapy & wellness

NO SURPRISE ACT NOTICE

The No Surprises Act went into effect on January 1, 2022, under Section 2799B-6 of the Public Health Service Act. This act was created to protect consumers from balance billing, also known as surprise medical bills. The Mobility Project, LLC does not participate in balance billing. Furthermore, The Mobility Project's billing policy is transparent in nature as a flat rate per visit. The number of visits is recommended and never required, and these recommended visits are openly discussed with each patient at any point of time in their plan of care. This notice serves the purpose of informing you of your right to request a Good Faith Estimate prior to receiving services.

Your right to a "Good Faith Estimate"

You have the right to receive a "Good Faith Estimate" explaining how much your medical care will cost. Under the law, health care providers need to give patients who don't have insurance or who are not using insurance an estimate of the bill for medical items and services.

- You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency items or services. This includes related costs like medical tests, prescription drugs, equipment, and hospital fees.
- Make sure your health care provider gives you a Good Faith Estimate in writing at least 1 business day before your medical service or item. You can also ask your healthcare provider, and any other provider you choose, for a Good Faith Estimate before you schedule an item or service.
- If you receive a bill that is at least \$400 more than your Good Faith Estimate, you can dispute the bill.
- Make sure to save a copy or picture of your Good Faith Estimate

For questions or more information about your right to a Good Faith Estimate, visit www.cms.gov/nosurprises or call The Mobility Project, LLC at 312-718-3292 for more information.
